| 1. | RECOMMENDATIONS |
|-----|--|
| 1.1 | That the Audit and Accounts Committee note the Corporate Risk Register as detailed in the report. |
| 1.2 | That members note the risk consequence, mitigation action and level of risk as detailed in Appendix 1. |

2. PURPOSE OF REPORT

- 2.1 The purpose of this report is to inform Audit and Accounts Committee of:
 - Review of the Corporate Risk Register as attached (Appendix 1).

3. BACKGROUND

- 3.1 The matters discussed in this report impact directly on the following corporate priorities:
 - Priority 1 A clean and green Rossendale Our priority is to keep Rossendale
 clean and green for all of Rossendale's residents and visitors, and to take available
 opportunities to recycle and use energy from renewable sources more efficiently.
 - Priority 2 A connected and successful Rossendale that welcomes sustainable growth - Our priority is to ensure that we are well connected to our residents, key partners and stakeholders. We want to make the most of every pound we spend and we are always looking for new and innovative ways to make the resources we do have, work harder for us.
 - Priority 3 A proud, healthy and vibrant Rossendale Our priority is to ensure that
 we are creating and maintaining a healthy and vibrant place for people to live and
 visit. We celebrate the health, vitality and enterprise of the people who live in, do
 business in and visit Rossendale.
- 3.2 In completing this report, consultation has been undertaken with;
 - Management Team
 - Portfolio Holder for Resources
 - Overview and Scrutiny Committee.
- 3.3 The Council details its approach to managing risk in its Risk Management Strategy (updated March 2016), which sets out the framework of monitoring and reporting of risks.
- 3.4 The Council's Corporate Risks are monitored via the quarterly performance reporting

| Version Number: | 1 | Page: | 1 of 3 |
|-----------------|-----|-------|--------|
| | 1 - | | |

schedule using a R/A/G rating dashboard to report the risk status.

If a potential issue was identified during the periodic monitoring of the risk, the responsible officer would be required to identify the risk and note the actions needed to mitigate the level of risk.

The report covers the Corporate Risk Register for quarter 3 and quarter 4 due to the Audit and Accounts Committee that was due to be held on 23rd March 2020 was cancelled due to the covid19 pandemic and the external auditors' apologises for absence due to lockdown.

3.5 The Council has reviewed and continues to monitor the council's corporate risks.

The corporate risks has categorised them at the end of Quarter 3 as the following:

| | Quarter 3 2019-2020 |
|--------|---------------------|
| Low | 0 |
| Medium | 10 |
| High | 1 |

The corporate risks as categorised at the end of Quarter 4 are as follows:

| | Quarter 4 2019/20 |
|--------|-------------------|
| Low | 0 |
| Medium | 8 |
| High | 3 |

The three rated as 'red' are: risk 2 – Major disaster affecting the delivery of Council Services, 4. Sustainability of the County Council budget and risk 5 – non-delivery of Spinning Point.

2. Major disaster affecting the delivery of Council Services.

The RAG status changed from Amber (C2) to Red (A1) with increase in the likelihood and impact of a major disaster due to the pandemic commencing at the end of quarter 4. The Council's Emergency Plan and Business Continuity plans were initiated, and services continued to be delivered with the exception of site visits, internal and external face to face contact meetings and the closure of OSS (customer contact centre) suspending face to face contact to public.

Officers worked with the Lancashire Resilience Forum (LRF) and multi-agency partners to provide a joined up approach to deliver the Council services and the Community Hub to support vulnerable residents.

The Business Continuity Plans were regularly reviewed and stress tested throughout the pandemic and additional measures were put into place as needed to support a covid secure workplace, such as, additional PPE etc.

4. Sustainability of the County Council budget

In February 2020 the County Council approved their budget which included £58m savings over the period 2020/21 to 2022/23. The County Council themselves identify the budget as one of their highest level risks in the Council's risk register. This level of budget reductions

| Version Number: 1 | Page: | 2 of 3 |
|-------------------|-------|--------|
|-------------------|-------|--------|

is likely to have an impact on service provision for our residents. There is also a risk of cost shunting to District Councils. The position needs on-going monitoring

5. Non delivery of Spinning Point

The RAG status changed from Green (E2) to Red (A1) with the level of impact and likelihood increasing due to the decision taken at Council to no longer progress Phase 2 with a direct impact on the MTFS and £900k repayment Growth Deal grant.

The risks will continue to be monitored by Management Team on a regular basis and are referred to in Appendix 1.

3.6 A review of the Corporate Risks was completed during Quarter 4 together with the light refresh of the Corporate Strategy and will continue to be reported quarterly to the Overview and Scrutiny / Audit and Accounts Committees.

The Corporate Risk Register remains the same with the exception of the removal of Risk 5 - Non delivery of Spinning Point.

4. RISK

4.1 All the issues raised and the recommendations in this report involve risk considerations as set out above.

5. FINANCE

5.1 Any financial implications arising are noted in this report.

6. LEGAL

6.1 There are no immediate legal considerations attached to the recommendations in this report.

7. POLICY & EQUALITIES IMPLICATIONS

7.1 Effective Risk Management is very important to the Council, and the Council is committed to improving on an on-going basis how it manages and mitigates risk. A very important part of this process is robust and transparent scrutiny and taking timely, corrective action to improve risk management.

8. CONCLUSION

8.1 The revised Corporate Risk Register will support the ongoing monitoring and mitigation of risk to the Council.

Corporate Risks

Risks are those things which might present a barrier to us delivering the things we have undertaken to achieve. Each year the Council considers and reviews the potential risks it is facing and looks at what it might do to minimise the occurrence of such risks – this information is then regularly monitored and reviewed.

We profile our risks using a standard matrix (shown below) which is based on our making two judgments about each potential risk faced by the Council.

The Council's Risk Matrix

Likelihood

How likely is it that the risk may occur (rated A-F, A being the most likely)

Impact

How serious might the consequences of the impact be (rated 1-5, 1 being the highest consequence)

Therefore a risk rated A1 is the highest risk rating and a risk of F5 is the lowest risk rating.

| Risk RAG (Red, Amber and Green) rating status indicators | | | | |
|--|---|--|--|--|
| Risk Status Status description | | | | |
| GREEN | The likelihood and impact of the risk is low | | | |
| AMBER | The likelihood and impact of the risk is medium | | | |
| RED The likelihood and impact of t risk is high | | | | |

| 1. Sustainability of | the Medium Teri | m Financial Strateg | у | |
|---------------------------------------|---|---------------------|--------------|------------|
| Description | The Council's latest Medium Term Financial Strategy (MTFS) update published February 2020 indicates an underlying funding gap of c £440k per annum. The Council must take appropriate action in order to balance its annual expenditure in future years against its available annual income and other revenue resources. | | | |
| Risk Consequence | The Council has a legal obligation to publish an annual balanced budget; that it is to say its budget expenditure must equal its available income and any available reserves. Council reserves are limited and equate to only circa 3 years given the anticipated funding gap. Therefore additional income must be identified or annual costs reduced in future years. The Council is currently restricted to a maximum 2% annual increase in Council Tax in order to avoid triggering a referendum | | | |
| Risk - level of impact | Likelihood | Impact | Overall Risk | RAG Status |
| and likelihood | С | 2 | C2 | AMBER |
| Mitigation Action | The MTFS does not indicate a significant narrowing of the gap in the next four years, however, the deficits in future years are significantly less than previous MTFS cycles by around c£500k. With the decision to not proceed with the Spinning Point development, new commercial opportunities will need to be identified to generate additional revenue. Of equal importance will be improved efficiency and effectiveness of services, with departments across the Council being challenged to be more effective. | | | |
| Quarter 3 | Likelihood | Impact | Overall Risk | RAG Status |
| Risk - level of impact and likelihood | С | 2 | C2 | AMBER |
| Comments | The most significant risk within the MTFS is the, as yet unknown consequences of the Government's "Fair Funding Review" and the final detail of the national 75% retention of business rates scheme once the scheme is known and the impact on the Council's current Business rates growth retained of c. £800k pa – this current annual income is at risk as from 2020/21. As noted previously this was due to be published in time for 20/21 financing arrangements but has been postponed. | | | |
| Quarter 4 | Likelihood | Impact | Overall Risk | RAG Status |
| Risk – level of impact and likelihood | С | 2 | C2 | AMBER |
| Comments | The MTFS includes an estimate for 2% pay award in 2020/21 however the National Employers have made a final offer for 2020/21 of a 2.75% increase for all Local Government employees. This will have an adverse impact on the MTFS of c£42k ongoing. | | | |
| Responsible Officer | ible Officer Head of Finance | | | |

Γ

| 2. Major disaster af | fecting the delive | ry of Council servic | es | |
|---------------------------------------|---|---|--------------|------------|
| Description | The Council has statutory duties under the Civil Contingencies Act (2004) and to carry out Emergency Planning and Business Continuity management activities to minimise the impact of a civil emergency or business interruption on people living, working and visiting the Borough. | | | |
| Risk Consequence | Failure to have robust contingency plans in place could result in the failure to deliver Council services, such as, the collection of residential and trade waste, burial services and payment of supplier and benefits. | | | |
| Diek level of impost | Likelihood | Impact | Overall Risk | RAG Status |
| Risk - level of impact and likelihood | С | 1 | C1 | AMBER |
| Mitigation Action | Robust RBC Emergency and Business Continuity Plans are in place. The Plans are updated and tested regularly through a quarterly Emergency Planning Meeting. The Plans are embedded with the Senior Management Team as critical working documents to support the continued delivery of essential council services. All members of the Senior Management Team attend the Emergency Planning Meeting and have a copy of the Plans. RBC is a member of Local Resilience Forum (LRF), officers attend meetings and undertake regular training exercises. RBC Plans are available on the Resilience Direct website exercises. Mutual Aid agreement in place with all Local Authorities across Lancashire. | | | |

| Comments | | is the strategic lead for e Emergency Planning T | 0 , 0 | • • |
| Quarter 4 | Likelihood | Impact | Overall Risk | RAG Status |
| Risk - level of impact and likelihood | А | 1 | A1 | RED |
| Comments | The council's Business Continuity Plan was activated during quarter 4 due to the coronavirus pandemic. All critical and priority services have continued to be delivered in a timely manner and risks managed. | | | |
| Responsible Officer | HR Manager | | | |

| 3.Incident resulting | in death or serio | us injury or HSE inv | estigation | | |
|---|--|----------------------|--------------|------------|--|
| Description | Under the Health and Safety at Work Act 1974, the Council has a duty of care towards the health, safety and wellbeing of its employees. | | | | |
| Risk Consequence | Failure to have robust health and safety processes and procedures in place could result in sanctions from the Health and Safety potentially impacting on the council services. | | | | |
| Risk - level of impact | Likelihood | Impact | Overall Risk | RAG Status | |
| and likelihood | D | 1 | D1 | AMBER | |
| Mitigation Action | The Council has robust health and safety policies and procedures in place, including a Health and Safety Manual, Safe Systems of Work and Risk Assessments, training matrix, Health and Safety incident reporting procedure, Health and Safety audit schedule operating on a two year rolling cycle (annually in Operations). | | | | |
| Quarter 3 | Likelihood | Impact | Overall Risk | RAG Status | |
| Risk - level of impact and likelihood | D | 1 | D1 | AMBER | |
| Comments | All the services areas have been audited within the periodic audit schedule. It is noted Service areas and employees most at risk being: Refuse Parks and Open Spaces Anyone performing lone worker duties. | | | | |
| Overter 4 | Likelihood | Impact | Overall Risk | RAG Status | |
| Quarter 4 Risk - level of impact and likelihood | D | 1 | D1 | AMBER | |
| Comments | Service Area risk assessments have been reviewed in light of the covid19, to ensure the council meets the government guidelines with the health and safety of the staff being paramount. Consultation has been undertaken with Trade Unions specifically in relation to the refuse and recycling service in relation to social distancing in the cabins and PPE. | | | | |
| Responsible Officer | HR Manager | | | | |

| 4.Sustainability of the County Council budget | | | | |
|--|--|--|--|--|
| Description | Like all local authorities, Lancashire County Council has to maintain a balanced budget. This will mean making budget reductions of over £120m in the next few years. | | | |
| Risk Consequence | In February 2020 the County Council approved their budget which included £58m savings over the period 2020/21 to 2022/23. This level of budget reductions is likely to have an impact on service provision for our residents. There is also a risk of cost shunting to District Councils. | | | |

| 5.Non delivery of Sp | oinning Point | | | |
|---|--|-----------------|--------------|------------|
| Description | Spinning Point is a Corporate Strategy project. Phase 1 comprises a bus station and 2/4 retail units. Phase 2 will provide a spa plus, a residential offer and 7 retail/food and beverage units. | | | |
| Risk Consequence | The delivery of the project supports the MTFS by providing a revenue stream and business rates income. Failure to deliver the project could result in a clawback of up to £1.9m if delivery targets are not met and the associated economic/social benefits may not be realised. | | | |
| Risk - level of impact | Likelihood | Impact | Overall Risk | RAG Status |
| and likelihood | D | 2 | D2 | AMBER |
| Mitigation Action | A comprehensive live risk register has been developed to support the delivery of the Spinning Point project. The project is managed through the monthly Programme Board, Members are regularly updated on the progress of the project. | | | |

| Comments | A decision was taken at Council to no longer progress Phase 2 with a direct impact on the MTFS and £900k repayment of Growth Deal grant. | | | |
| Responsible Officer | Director of Econom | nic Development | | |

| 6. Non-delivery of t | he Borough's eco | nomic developmer | nt strategy | | | |
|---|--|---|--------------|------------|--|--|
| Description | The Council has put in place an ambitious Economic Development Strategy and Action Plan to implement the economic growth elements of its Corporate Strategy. | | | | | |
| Risk Consequence | The investment based revenue generation schemes identified within the economic development strategy will underpin the MTFS. In addition, sweating or realising existing assets will underpin the MTFS. Failure to deliver would lead to the inability to support the delivery of the Medium Term Financial Strategy. | | | | | |
| Risk - level of impact | Likelihood | Impact | Overall Risk | RAG Status | | |
| and likelihood | С | 2 | C2 | AMBER | | |

| Comments | Work has progress | Work has progressed on Futures Park plots, Bacup FHSF bid etc. | | | | |
| Responsible Officer | Director of Economic Development | | | | | |

| 7. Non-delivery of t | he Local Plan | | | | |
|---------------------------------------|--|--|---|--|--|
| Description Pick Consequence | The Local Plan is a plan for the future development of the local area, drawn up by the Local Planning Authority. It guides decisions on whether or not planning applications can be granted. In law, it is described as the Development Plan Documents adopted under the Planning and Compulsory Purchase Act 2004. The Local Plan is due to be adopted in late 2020 or early 2021. There is a risk that it will not be adopted or that the adoption of the plan will be seriously delayed or that the process will be taken out of the Council's hands and that the Government will intervene. Risk of the Local Plan not being delivered is low. The risk of the plan being delayed | | | | |
| Risk Consequence | is moderate. If the Plan is not Adopted, late this year or early next, it is likely, the Council would have to re-consult at both Regulation 18 & Regulation 19 stages, which would be time consuming and expensive (as the evidence base would need updating). The risk of delay includes a reputational issue; there may be short term criticism from elected members and MP's, as well as from the development industry. There may also be an environmental risk if planning appeals are being allowed on development sites which the Local Authority does not consider suitable for development. The risk of this increases the longer it takes to adopt the plan. | | | | |
| | | | | | |
| | the calculations of development sites on how much land allocate and where | housing need. | | Likelihood | Impact | Overall Risk | RAG Status | |
| Risk - level of impact and likelihood | С | 2 | C2 | AMBER | |
| Mitigation Action | Measures in place to reduce the risk include the Local Plan Action Plan which is a project document outlining the actions required following the Hearing Sessions into the Examination of the Local Plan. This is updated and sent to the Planning Inspectorate on a regular basis. The Local Plan Steering Group made up of Officers and Councillors also meets on a regular basis to keep members informed of issues and the timetable. Monthly meetings also take place between the Planning Manager and the Portfolio Holder and also separately the Planning Manager and Director. A Barrister has been retained to provide expert advice as required. | | | | |

| Risk - level of impact and likelihood | D | 4 | D4 | AMBER | | |
| Comments | An organisational development strategy is currently being developed to support the Corporate Strategy and the Council's workforce planning. The level of turnover of staff is monitored through performance management as a Key Performance Indicator benchmarked against the National Average. | | | | | |
| Overten 4 | Likelihood | Impact | Overall Risk | RAG Status | | |
| Quarter 4 Risk - level of impact and likelihood | D | 3 | D3 | AMBER | | |
| Comments | Director of Communities and Head of Finance commenced employment March 2020, the Council's Emergency Plan and business continuity plans were invoked to support Covid-19. Council officers worked closely with LRF, home working facilities were put in place to support home working for office based staff, staff were redeployed to support the Community Hub, business continuity service plans were stress tested, work place risk assessments were reviewed to ensure PPE and safe working practices were in place to support a covid secure workplace. | | | | | |

| 10. Insufficient data and cyber security | | | | | |
|--|---|------------------|--------------|------------|--|
| Description | Cyber security presents one of the most challenging areas for both the public and private sectors. With the proliferation and severity of attacks constantly increasing this represents a major threat. | | | | |
| Risk Consequence | Cyber-attack resulting in a complete loss of all systems coupled with malware being spread across the entire network. Data breach resulting in information loss causing reputational damage and resulting in a financial penalty due to non-compliance with statutory requirements such as GDPR (General Data Protection Regulation), PCI DSS (Payment Card Industry Data Security). | | | | |
| Risk - level of impact | Likelihood | Impact | Overall Risk | RAG Status | |
| and likelihood | С | 1 | C1 | AMBER | |
| Mitigation Action | To protect against a data breach RBC, host all Council Data in Tier 3 Data Centres located in different Geographical regions and are backed up daily. RBC Data Centres also hold the following accreditations: ISO27001:2013, PCI-DSS. RBC adopts a Risk Insight approach to determine the Treat Landscape and more importantly its evolution. RBC have received notification of meeting the Public Services Network (PSN) which means the Councils' Infrastructure met all the security requirements to allow connection to the PSN. | | | | |
| Quarter 3 | Likelihood | Impact | Overall Risk | RAG Status | |
| Risk - level of impact and likelihood | D | 1 | D1 | AMBER | |
| Comments | No change. | | | | |

| Risk - level of impact and likelihood | С | 1 | C1 | AMBER | |
| Comments | Logrhythm Security Information and Event Management (SIEM) has been implemented in the Revenues and Benefits Data Centre. The application is used to collect logs from the edge network and from the malware protection servers to provide protective monitoring of the environment. Logrhythm's Artificial Intelligence engine is then used to alert any security issues. | | | | |

| 11. Poor communications and public relations | | | | | |
|--|---|--------|--------------|------------|--|
| Description | Good communication and public relations is essential to inform, maintain and develop relationships with residents, customers and partners to provide Council services. | | | | |
| Risk Consequence | Failure to communicate and respond to issues as they develop and inadequately or inappropriately communicating. | | | | |
| | Could lead to a major loss of reputation for the Council on a local, regional and national level. A loss of reputation can damage staff morale, destroy trust between the Council and residents and impair the relationship between the council and its partners meaning projects and services delivery is damaged. | | | | |
| Risk - level of impact | Likelihood | Impact | Overall Risk | RAG Status | |
| and likelihood | D | 1 | D1 | AMBER | |
| Mitigation Action | Communication methods in place to support face to face, mail or electronic communications. Developed website and social media channels provide 24/7 service. Experienced communications team to support Council officers to deal with communications in a timely manner and promote the work of the Council. Central communications team of senior and experienced officers in place coordinating messages and responding to issues in a timely manner. | | | | |
| Quarter 3 | Likelihood | Impact | Overall Risk | RAG Status | |
| Risk - level of impact and likelihood | D | 2 | D2 | AMBER | |
| Comments | A confidential communications and risk grid is updated and shared with Senior Management Team on a weekly basis. | | | | |
| Quarter 4 | Likelihood | Impact | Overall Risk | RAG Status | |
| Risk - level of impact and likelihood | D | 2 | D2 | AMBER | |
| Comments | Extensive communications work was undertaken in relation to February floods and Covid 19 impact on Council Services, information to keep residents and partners was shared via the Council's website and social media platforms. Staff were informed regularly by CEO email and zoom briefings. | | | | |
