Corporate Risks

Appendix 1

Risks are those things which might present a barrier to us delivering the things we have undertaken to achieve. Each year the council reviews the potential risks it is facing and looks at what it might do to minimise the occurrence of such risks. This information is then regularly monitored and reviewed. This quarter the council has added a new risk to the corporate risk register. This is focused on the financial vulnerability of the borough's leisure assets and classified as Risk 13.

We profile our risks using a matrix (shown below) which is based on our making two judgments about each potential risk faced by the council. The definition of the likelihood and impact can be found in the council's Risk Management Strategy 2016.

The Council's Risk Matrix

	Α					
	В					
	С					
	D					
	Е					
poo	F					
liho		5	4	3	2	1
Likelihood	Imp	act				

Likelihood

How likely is it that the risk may occur (rated A-F, A being the most likely)

ick DAC (Ded Amber and Creen) reting a

Impact

How serious might the consequences of the impact be (rated 1-5, 1 being the highest consequence).

Therefore, a risk rated A1 is the highest risk rating and a risk of F5 is the lowest risk rating.

RISK RAG ((Red, Amber and Green) rating status indicators
Risk Status	Status description
GREEN	The likelihood and impact of the risk is low
AMBER	The likelihood and impact of the risk is medium
RED	The likelihood and impact of the risk is high

Description				
The Council's latest Medium Term Financial Strategy c.£400k per annum. The council must take appropriate other revenue resources. Risk 1 - Sustainability of the Medium Term Financial Strategy

Responsible Officer - Karen Spencer

Description

The council has statutory duties under the Civil Contingencies Act (2004) and to carry out emergency planning and business continuity management activities to minimise the impact of a civil emergency or business interruption on people living, working and visiting the borough.

Risk Consequence

Failure to have robust contingency plans in place could result in the failure to deliver council services, such as, the collection of residential and trade waste, burial services and payment of suppliers and benefits.

Initial risk assessment RAG status (without	Likelihood	Impact	Overall Risk	Status
mitigation)	С	1	C1	AMBER

Mitigation

A robust overall council Emergency and Business Continuity Plan is in place. Service continuity plans are updated and tested regularly through a quarterly Emergency Planning meeting. The plans are embedded with the Corporate Management Team as critical working documents to support the continued delivery of essential council services. All managers have a copy of the overall plan and their service plan and keep them under review. RBC is a member of Lancashire County Council Local Resilience Forum (LRF). Officers attend meetings and undertake regular training exercises. RBC plans are available on the Resilience Direct website. Mutual aid agreements are in place with all Local Authorities across Lancashire.

Quarter 4 Update

In-line with Government Covid-19 guidance, following a review of the risk assessments, office based staff returned to working in the office on 24th January 2022, Covid-19 related absences and isolation has remained below 10% during Q4. The challenges of the national HGV driver shortage is being managed effectively in Operations. On 7th February 2022 a desktop exercise to test Operations (Refuse and Recycling) business continuity plan was successfully completed.

	С	3	C3	AMBER

Description

Under the Health and Safety at Work Act (1974), the council has a duty of care towards the health, safety and wellbeing of its employees and others.

Risk Consequence

Failure to comply with current legislation and demonstrate compliance may result in harm to staff and others, financial loss and enforcement action.

Initial risk assessment RAG status (without	Likelihood	Impact	Overall Risk	Status
mitigation)	D	2	D2	AMBER

Mitigation

The council has health and safety policies and procedures including a health and safety incident reporting procedure in place along with a safe working culture. Actions need to be completed to address and implement a consistent approach across the council in order to secure compliance.

Quarter 4 Update

The newly developed Corporate Health and Safety Policy has been agreed and will be adopted 1st April 2022. To support the ongoing development of a safe working culture in Operations, a refresh of the Report It Card and establishment of a WhatsApp Group in Parks and Green Spaces has been completed to enable staff to report any incidents or near misses directly to the Corporate Health and Safety Officer in a timely manner.

Description

The Local Plan is a plan for the future development of the local area, drawn up by the Local Planning Authority. It guides decisions on whether or not planning applications can be granted. In law it is described as the development plan documents adopted under the Planning and Compulsory Purchase Act 2004. The Local Plan was due to be adopted in late 2020. It is not considered to be a risk that it will not be adopted, however the risk is that the adoption of the plan will be seriously delayed or that the process will be taken out of the council's hands and that the Government will intervene.

Risk Consequence

Risk of the Local Plan not being delivered is extremely low. The risk of the plan being slightly delayed is moderate. The risk of delay includes a reputational issue; there may be short term criticism from elected members and MP's, and developers. There may also be an environmental risk if planning appeals are being allowed on development sites which the Local Authority does not consider suitable for development. The risk of this increases the longer it takes to adopt the plan.

Initial risk assessment RAG status (without	Likelihood	Impact	Overall Risk	Status
mitigation)	С	2	C2	AMBER

Mitigation

Measures are in place to reduce the risk include the Local Plan Action Plan which outlines the actions required following the hearing sessions into the examination of the Local Plan. This is updated and sent to the Planning Inspectorate on a regular basis. The Local Plan Steering Group meets on a regular basis to keep members informed of issues and the timetable. Monthly meetings also take place between the Planning Manager and the Portfolio Holder and also separately the Planning Manager and Director. A barrister has been retained to provide expert advice as required.

Risk assessment RAG status (after mitigation)	Likelihood	Impact	Overall Risk	Status
	D	2	D2	AMBER

Quarter 4 Update

The Local Plan was adopted at the council meeting on the 15th of December 2021 and is now beyond the period of challenge by way of a Judicial Review. Therefore, it is no longer a corporate risk.
