1. PURPOSE OF REPORT

- 1.1 The purpose of this report is to inform Overview and Scrutiny about the current work ongoing in the Rossendale Partnership which supports young people.

2. CORPORATE PRIORITIES

- 2.1 All corporate priorities have an impact on young people in the Borough.

3. RISK ASSESSMENT IMPLICATIONS

- 3.1 Young people are our future citizens, failure to deliver services for them now may well affect their ability to engage in civic society in the future.

4. BACKGROUND/REASON FOR REPORT

- 4.1 In April last year Overview and Scrutiny began the process of reviewing the impact of the LSP on young people in the Borough. A report was produced and the recommendation from members was to ask for an update at the end of this financial year.

The children and young people's block is a key part of the LSP delivering against the LAA agenda. Appendix 1 shows the actions within the LAA which come into the children and Young people's block.

Appendix 2 indicates the current youth provision provided by Youth and Community Services in the Borough.

Members will be aware that the LSP Assembly on March 19th will be run by young people demonstrating their involvement within the communities of Rossendale and challenging partners to consider their roles and methods of communications.

The table at appendix 3 identifies those activities that the LSP have delivered over the past twelve months for young people. This does not include regular young people activities such as the provision of youth service club nights etc. as these are not partnership activities.
