• A briefing note on Road Gullies in Rossendale was noted from the Engineering Services Manager from Lancashire County Council (LCC).

Members of the public raised issues concerning:

• The frequency of gulley cleaning
• The gulley cleaning machines being unsuitable in some areas

The Chair reminded members of the public that if they identified a problem with a gulley they could report it to Highways. This would result in the gulley being cleaned and would enable Highways to identify where problem areas were. The Chair informed the meeting that the issues concerning gulleys had been raised at Lancashire Local meetings and had also been raised at Overview and Scrutiny. Suggestion forms were available for members of the public to identify any issues they would like to see scrutinised in the coming year (minute 7).

4. POLICE UPDATE

Inspector Hodson updated the Forum on policing matters and crime statistics for the area.

Members of the public can enter their postcode to find out what is happening in their area, find dates and venues for PACT meetings, and contact details of their Community Police Officers.

During the last quarter there were minor fluctuations in crime, whilst most crimes were down there was a slight increase in burglaries to residential properties, this was mainly owing to complacency. Inspector Hodson urged members of the public to be vigilant and not leave doors open or keys on display.

Rossendale was classed as one of the best performing areas in the North West of England, and the Crime and Disorder Reduction Partnership had recently achieved an award for their neighbourhood policing. Figures showed that crime had dropped over the last 4 years.

The Chair encouraged members of the public to attend PACT meetings.

• Traffic speed on Bacup Road.
• Sheep on Bacup Road.
• Noise and disorder in Rawtenstall Town Centre at weekend.
• The need for cell facilities to detain people in Rossendale.

Work had been undertaken on Bury Road to clear the weeds from the cobbles outside the shops. LCC had also been contacted to see if issues of people parking half on the roadway and half on the pavement could be addressed.

Papermaking had been done in schools and was available on request.
