2009/10 Budget Proposals for Consultation

“Pride in Rossendale……continued”
Rossendale as a place to live, work and visit

The Council is genuinely always seeking to improve its performance and service delivery.

Over the last 4 years our performance has increased by more than 20%, yet Council Tax will go up by 4.6% less than inflation.

However, the Council, like the rest of the UK is facing a recession – we are not immune.

The Balancing Act

Prioritisation
- Over last 5 years £2.5m shifted to priorities
- Over last 5 years £1.6m of efficiencies identified (new proposals add £500k)
  - Staff efficiencies
  - ITC changes
  - Accommodation
  - Procurement & joint working
- Similarly to last year we need to achieve a balance by stopping doing some things, continue to make efficiencies protect and increase fees
Medium Term Financial Planning
(A strong & robust financial framework)

The key assumptions in the Councils Medium Team Financial Strategy are:

• A council tax increase no greater than 3%
• No use of general reserves to support recurrent expenditure
• Efficiencies of up to £850,000 over the period 2009/11
• Any growth allocated in line with Corporate Priorities
Resources

• General Settlement +0.5% (£6.2m)
• C Tax, maximum increase +3.0% (£5.5m)  
  (In line with Central Govt’s call of C Tax “to be significantly below 5%”)
• Total £11.7m (underlying +2.0%)
• RPI Sept 08 – 5.0%
Budget Pressures

• Global economic climate
• Reduced income streams: property related [planning, building, land charges], recycling, interest rates
• Rising costs: leisure, energy, job evaluation, concessionary travel, housing benefits, property
• Capital programme challenges
• Increased customer expectations
Current Cost of Business

- Cost increase 3.6%
- Below inflation (Sept 5.0%)
- Gap in resources £180k

Now tell us what you think

1. Are we on track - are the things in our programme and our Corporate Priorities the right things for us to spend money on.
2. Have we got the balance right between increasing costs and increasing Council Tax?
3. What else would you suggest – what should we stop doing, where should we be increasing charges, if at all and what other areas of efficiency should we be looking at?

You can reply to us either by letter or e-mail.
