1. PURPOSE OF REPORT

1.1 To present the Rossendale Interim Road Safety Strategy and make recommendations in relation to the implementation.

2. CORPORATE PRIORITIES

2.1 The matters discussed in this report impact directly on the following corporate priorities:

- Delivering quality services to our customers
- Improving health and well being across the Borough

3. RISK ASSESSMENT IMPLICATIONS

3.1.1 There is no specific budget within the Council to address road safety issues locally. Publishing the Strategy and associated Action Plan without having the funds to deliver could negatively impact on the Council’s reputation.

4. BACKGROUND AND OPTIONS

4.1 The Road Traffic Act 1988 placed a statutory duty on local authorities to provide a road safety service. In Rossendale, this is provided by Lancashire County Council through the Traffic & Safety Service, which includes Lancashire Partnership for Road Safety, Safety Engineering and Road Safety Groups.

4.2 Targets were set by the Department for Transport in March 2000 which have to be met by 2010. The responsibility for meeting the targets falls largely with the County Council but links with other priority areas in terms of health, education, crime and social inclusion. It is recognised therefore that road safety will be most effectively achieved through a partnership approach.
4.3 The Community Safety Partnership historically has taken the lead in relation to road safety which is incorporated into the Community Safety Partnership Plan (previously Crime & Disorder Strategy). The Partnership is required to produce an annual Strategic Assessment which identifies local issues in terms of crime, anti-social behaviour and quality of life issues.

4.4 Road Safety has once again been identified in the current assessment and will form part of the Community Safety Partnership Plan for the coming 12 months. The actions within the plan complement the Lancashire Road Safety Strategy (which is signed up to by all 12 District Councils within Lancashire and Partner Agencies) as well as the Local Area Agreement. The Road Safety Target within the LAA also falls within the ‘Safer’ theme and relates to ‘the number of People killed or seriously injured in road traffic collisions’ (NI47).

4.4 As the Government targets run until 2010, it would be impractical to produce a local strategy which will run longer than this time.

COMMENTS FROM STATUTORY OFFICERS:

5. SECTION 151 OFFICER

6. MONITORING OFFICER

6.1 No comments.

Consultation will be required in relation to whether a Rossendale Road Safety Strategy is required or if Rossendale Council continues to work in partnership with Lancashire County Council as lead provider for road safety services.
