### 4. FINDINGS

## 4.1 Background Information

The priority setting presentation was held at the Council Chambers, Hardmans Mill, Rawtenstall in October 2008. In addition, Members were given the opportunity to express their views in relation to the current priorities and those areas they would like to see as future areas of focus.

The purpose of the presentation was to consider the current priorities and to discuss whether they represent what the council is looking to achieve.

## 4.2 The Current Priorities as detailed in the Corporate Plan are:-

- 1) Delivering quality services to our customers
- 2) Delivering regeneration across the borough
- 3) Keeping our borough clean and green
- 4) Promoting Rossendale as a cracking place to live, visit and invest
- 5) Improving health and well-being across the borough
- 6) A well managed council

## 4.3 **Priority Setting Event**

Members reached the following decisions from the event:-

- "Delivering quality services across the borough' was still a high priority for Members.
- It was felt that the existing priority for 'Delivering quality services across the borough', should remain the same.
- The existing priority for 'Delivering regeneration across the borough', should remain the same.
- There was a need to broaden the agenda from a priority focused on clean and green to one which included safety.
- There was a need for an all encompassing theme of promotion of the Borough.
- There was a need to focus on the needs of communities in the wider sense, not just addressing health and wellbeing.
- The Council is now a well managed Council and therefore there was a need to refocus the priority of a Well Managed Council to one which was more outcome focused. Providing good quality, value for money services was identified as a stronger theme.
- The three most important projects to be delivered by the council were identified as:-
  - Pride in Rossendale
  - The current state of Regeneration Projects
  - Develop Neighbourhood Working
- The obstacles to achieving these projects were identified as :-
  - > Funding
  - ➤ The Current Economic Climate
  - Unable to Engage Communities

- Members expressed frustration with those regeneration projects where factors were outside their control.
- Since the consultation in October, Leisure has been identified a high priority for the Council which impacts on a number of the Corporate Priorities.
- Appendix 1 details the results from the priority setting event.
