Tracy. I wish to lodge an objection to the application for a premises licence at any time. During the day by the very nature of the goods on sale it is a shop which attracts children for toys, sweets and miscellany. In the evenings there are already enough off licences and pubs in the vicinity to keep a battleship afloat and although a High Street situation there are many adjacent and nearby residential properties whose normal life would be severely disrupted by late night opening. Please acknowledge receipt of this on behalf of the licensing department Regards. Gladys
