# 6. COMMUNITY ENGAGEMENT, PUBLIC QUESTION TIME

The following issues were raised by members of the public and were answered by the Leader or designated person:

No	Issue	Questioner	Answered by
		14 0"	(and action)
1.	Housing refurbishment project, main contractor in liquidation, £70k debt outstanding, June councillor meeting, doubts over officer skills in delivering the Town Centre project, response not received from question asked at the previous Council meeting. Would information be made public at the end of the investigation?	Mr. Clive Balchin	Councillor A.Barnes informed that his previous question had been responded to and the response would be resent. Regarding the housing project, further information could not be provided at the present time, a full investigation was being carried out and the Council needed to be careful that it didn't prejudice the police and internal investigations. Information would be made public at the end of the investigations.
2.	The report at 5.2 refers to the number of houses required to be built in Rossendale with 50% in Bacup, Haslingden and Whitworth combined but Policy 3 says an even spread of development. Housing allocations of 340 Whitworth, 395 Haslingden, 860 Bacup, is not an even spread. Has policy been changed, if so, when?	Mr. John Atherton	Councillor Lamb informed the document was being published for a 7 week consultation. It was an opportunity to submit any representations for consideration as part of the consultation process. The Council did not consider Policy 3 to be in conflict with the Housing Policy. The Core Strategy indicated approximately 50% of new housing should be in Haslingden, Whitworth and Bacup but was not prescriptive on how the allocations should be split between the towns. The Local Plan Part 2 does not have an equal distribution between the three named settlements but this does not conflict with the Core Strategy.
3.	Responses given at the previous Council meeting. Did the Leader agree that the English	Mr. Tim Nuttall	Councillor A.Barnes informed that when the comments from English Heritage were received the case officer would only have just begun consideration of

# 7. COMMUNICATIONS FROM THE MAYOR, THE LEADER OR HEAD OF PAID SERVICE

The Mayor had no communications to report.

The Leader of the Council brought members attention to the new visitor guide and also the Rogue Landlord flyer that had been circulated to members that evening.

She also informed that the Lancashire leaders had met to discuss the potential for forming a combined authority serving the whole of Lancashire. A combined authority was a formal arrangement where councils continue to exist as separate authorities, but work together to make decisions on specific strategic issues affecting the whole area, such as economic growth, transport, housing, health and employment. The leaders had agreed to continue exploring the possibility of a combined authority over the coming months. In addition, an all member briefing would be set up in September and a report would come to Council in December to consider joining a Lancashire wide combined authority.

The Leader updated members on the VIP session being held at Haslingden Sports Centre to launch the new climbing wall. She encouraged members to come along and support the event.

The Head of Paid Service informed members that Councillor Steen had replaced Councillor Lynda Barnes on the Overview and Scrutiny Committee.
