

No's	Recommendation	Actions
	<b>Vehicle conditions</b>	
1	Reduction in entry Age Limit	This is currently subject to Judicial Review, the date of hearing having been provisionally set for October 2017. Discussions with the trade in relation to this are on going
19	Mandatory CCTV	This is currently subject to Judicial Review, the date of hearing having been provisionally set for October 2017. Discussions with the trade in relation to this are on going
31	Tinted windows	This is currently subject to Judicial Review, the date of hearing having been provisionally set for October 2017. Discussions with the trade in relation to this are on going
12,13,10,14,15.19	New door signs and roof signs, colour of vehicles, operator door signs,	With the outstanding conditions currently subject to Judicial Review, full implementation of other vehicle changes have been held back or subject of a "soft" implementation in relation to vehicle colours. This is to avoid a piecemeal introduction of vehicle conditions, and will allow a fully publicised launch of the new standards, with a reasonable lead in time.
	<b>Intended Use Policy and vehicle proprietors</b>	
27	Recording of all hackney carriage journeys	This is now being implemented on renewal of hackney carriage plates with all applicants notified of the requirement
28	Intelligence led compliance enforcement	Joint working across a number of local authority areas is carried out on a regular basis with officers from other local authorities and police. Recent operations have been conducted In Manchester, Salford, Sheffield, Derby and Manchester Airport. We have revoked over 50 vehicle licences for non-compliance with the intended use policy and refused to renew a further 200 licences which fall outside the policy. A substantial number of other vehicle licence holders have voluntarily surrendered their plates or not submitted an application to renew.
29	Vehicle proprietors subject to basic disclosure	Now fully implemented
	<b>Drivers</b>	
17, 26,32,33	Knowledge and conditions test, Disability awareness training	Now fully introduced since 1 <sup>st</sup> June 2017. The test is based around the basic maths and English skills required to be a taxi driver, as well as testing the applicants/drivers

		<p>knowledge of licensing conditions and the local geographic area. Example questions can be found at <a href="https://personnelchecks.typeform.com/to/ntFPEw">https://personnelchecks.typeform.com/to/ntFPEw</a></p> <p>Initial feedback from renewal drivers who have taken the test is positive, with early results clearly showing that those applicants and existing drivers who do not know the area of Rossendale fail the geographic test, whilst those who do work in the Borough pass.</p> <p>Most applicants pass the basic skills element.</p> <p>Part 2 of the test will cover safeguarding and disability awareness training with test questions at the end of this. This is being arranged on a monthly basis.</p>
24,25	DBS Updates	All drivers on application or renewal now have to sign up to and maintain subscription to the update service
40	Practical Drivers Test	Four approved suppliers are now providing the replacement test for new applicants and those existing drivers required to take a further test following a decision by the Licensing Sub-committee.
