5. BACKGROUND AND OPTIONS

- 5.1 Rossendale Borough Council is committed to ensuring that it is operating fairly and equitably in both its employment practices and service delivery, in line with its Equality Policy, current legislation and codes of practice. The Council is required to publish equality information on at least an annual basis. The Annual Equality Report set out in Appendix A provides an overview of the Council's key actions and achievements during 2016-7 in relation to equality and diversity. It also presents the Council's key equality data. Below is a summary of some headline messages from this data.
- 5.2 From a qualitative perspective the Report (Appendix A) highlights that despite some difficult financial challenges and changes, the Council has been able to continue to support a range of projects and support services within the community, with some real positive results. Although the Council will continue to ensure it is compliant with its required duties, it should be noted that as financial challenges and changes within the Council continue, this could have an impact on the extent of the Council's involvement in this agenda in future years.
- 5.3 Taking an appropriate and proportionate approach, we continue to carry out 'About You' equality monitoring for employee, Councillors and some services where appropriate, across all protected characteristics as recognised by the Equality Act 2010. This is undertaken on a voluntary basis and participants have an option to make an informed choice not to answer any or some of the questions asked. Gathering and analysis of employee intelligence will enable the Council to identify possible issues of inequality and take appropriate action. In 2017-8 it is proposed that we will refresh our data.
- Gathering and analysis of customer intelligence enables the Council to identify any issues of inequality and possible service improvements. In terms of collection and analysis of equality data and customer satisfaction data across service areas this is dependent on the nature of the service provided and appropriateness and relevance of undertaking such activity.
- 5.5 Due to the Council's size, much of the data we actively collect in relation to our workforce relates to small numbers of people, particularly when disaggregated by protected characteristic.
- 5.6 From a quantitative perspective, the equality data shows:-
 - In terms of gender diversity, the majority of the workforce is male; 65% male and 35% female.
 - None of our employees have disclosed that they have a disability.
 - 2.5% of employees identified as Asian or Asian British Pakistani.
 - 59% of our employees are aged 50-59 years.
 - Those aged 19-24 years account for 4% of our workforce.
 - The majority of our workforce is Christian (54%). Identification of 'no religion or belief' accounted for 22% of people choosing to disclose this information.
 - 50.3% staff live in the borough, 29.8% in BB4 postcode & 20.5% in OL13 postcode areas.
 - Average basic pay for females is £23,229.11 pa
 - Average basic pay for males is £22,848.96 pa
- 5.7 In addition, the Council's Quarterly Integrated Performance Report also provides regular

updates on equality related activity within the Council's business plan and issue specific equality impact assessments are published with the relevant Council or Committee reports.

5.8 As part of the policy review process a number of task and finish groups have been established and the Equalities Task and Finish Group met 5 times during 2017 to review the development of our revised Equality Strategy.

COMMENTS FROM STATUTORY OFFICERS:

6. SECTION 151 OFFICER

As noted in the report, the progress made in this area assists the Council in mitigating the risk of legal challenge and therefore the associated financial risks.

7. MONITORING OFFICER

7.1 No additional comments to be made in relation to this report.

8. POLICY IMPLICATIONS AND CONSULTATION CARRIED OUT

- 8.1 The Equality Act 2010 requires the Council to have due regard in the exercising of its functions in relation to the three aims of the Equality Duty, for the need to:
 - Eliminate discrimination, harassment and victimisation and any other conduct that is prohibited by or under the Act.
 - Advanced equality of opportunity between people who share a relevant protected characteristic and people who do not share it.
 - Foster good relations between people who share a relevant protected characteristic and those who do not share it.
- The amount of regard that is "due" is set out in the Act and will depend on the circumstances of the case. Under the general equality duty there is a requirement to engage with people with protected characteristics and to have an adequate evidence base for Council decision-making. The duty to inform, consult or involve requires that the council must involve communities and those directly affected at the most appropriate and proportionate level in 'routine functions, in addition to one-off decisions.' The Council is required to consult representatives of a wide range of local people; this should include local voluntary and community organisations and small businesses in such consultation.
- 8.3 Consultation has been undertaken with Management Team, Portfolio Holder and Member Equalities Champion in relation to Annual Equality Report.

9. CONCLUSION

9.1 The Council continues to ensure it is working to achieve positive outcomes for its communities and has maintained strong and clear leadership on the importance of equality as a core part of Council business, reflected in its the decision making processes, progress and activity across the Council.
