Introduction & headlines

Purpose

This document provides an overview of the planned scope and timing of the statutory audit of Rossendale Borough Council ('the Council') for those charged with governance.

Respective responsibilities

The National Audit Office ('the NAO') has issued a document entitled Code of Audit Practice ('the Code'). The Code summarises where the responsibilities of auditors begin and end and what is expected from the audited body. Our respective responsibilities are also set in the Terms of Appointment and Statement of Responsibilities issued by Public Sector Audit Appointments (PSAA), the body responsible for appointing us as auditor of Rossendale Borough Council. We draw your attention to both of these documents on the PSAA website.

Scope of our audit

The scope of our audit is set in accordance with the Code and International Standards on Auditing (ISAs) (UK). We are responsible for forming and expressing an opinion on the:

- financial statements (including the Annual Governance Statement) that have been prepared by management with the oversight of those charged with governance (the Audit and Accounts Committee); and
- Value for Money arrangements in place at the Council for securing economy, efficiency and effectiveness in your use of resources.

The audit of the financial statements does not relieve management or the Audit and Accounts Committee of your responsibilities. It is the responsibility of the Council to ensure that proper arrangements are in place for the conduct of its business, and that public money is safeguarded and properly accounted for. We have considered how the Council is fulfilling these responsibilities.

Our audit approach is based on a thorough understanding of the Council's business and is risk based.

Significant risks	Those risks requiring specific audit consideration and procedures to address the likelihood of a material financial statement error have been identified as:		
	Management over-ride of controls		
	Valuation of property, plant and equipment		
	Valuation of pension fund net liability		
	We will communicate significant findings on these areas as well as any other significant matters arising from the audit to you in our Audit Findings (ISA 260) Report.		
Materiality	We have determined planning materiality to be £636k (PY £658), which equates to 1.8% of your forecast gross expenditure for the year. We are obliged to report uncorrected omissions or misstatements other than those which are 'clearly trivial' to those charged with governance. Clearly trivial has been set at £31k (PY £33k).		
Value for Money arrangements	Our risk assessment regarding your arrangements to secure value for money have identified the following VFM significant risks:		
	Governance, risk management and decision making		
	Financial Sustainability		
Audit logistics	The audit is planned to be completed by the end of March 2019. Our key deliverables are this Audit Plan and our Audit Findings Report.		
	Our fee for the audit will be no less than £45,796 (PY: £45,796) for the Council.		
Independence	We have complied with the Financial Reporting Council's Ethical Standard and we as a firm, and each covered person, confirm that we are independent and are able to express an objective opinion on the financial statements		
Independence			

Significant risks identified

Significant risks are defined by professional standards as risks that, in the judgement of the auditor, require special audit consideration because they have a higher risk of material misstatement. Such risks often relate to significant non-routine transactions and judgmental matters. In identifying risks, audit teams consider the nature of the risk, the potential magnitude of misstatement, and its likelihood.

Risk	Reason for risk identification	Key aspects of our proposed response to the risk
The revenue cycle includes fraudulent transactions	Under ISA (UK) 240 there is a rebuttable presumed risk that revenue may be misstated due to the improper recognition of revenue. This presumption can be rebutted if the auditor concludes that there is no risk of material misstatement due to fraud relating to revenue recognition.	Having considered the risk factors set out in ISA240 and the nature of the revenue streams at the Council, we have determined that the risk of fraud arising from revenue recognition can be rebutted, because:
		there is little incentive to manipulate revenue recognition
		opportunities to manipulate revenue recognition are very limited
		 The culture and ethical frameworks of local authorities, including Rossendale Borough Council, mean that all forms of fraud are seen as unacceptable
		Therefore we do not consider this to be a significant risk for Rossendale Borough Council.
Management over-ride of controls	Under ISA (UK) 240 there is a non-rebuttable presumed risk that the risk of management over-ride of controls is present in all entities. The Council faces external scrutiny of its spending, and this could potentially place management under undue pressure in terms of how they report performance. Management over-ride of controls is a risk requiring special audit consideration.	We will:
		 gain an understanding of the accounting estimates, judgements applied and decisions made by management and consider their reasonableness
		 obtain a full listing of journal entries, identify and test unusual journal entries for appropriateness
		 evaluate the rationale for any changes in accounting policies or significant unusual transactions.

Cignificant ricks identified

Valuation of property, plant and equipment

Risk

Reason for risk identification

The Council revalues its land and buildings on a rolling basis over a 5 year period to ensure that carrying value is not materially different from fair value. This represents a significant estimate by management in the financial statements.

We identified the valuation of land and buildings revaluations and impairments as a risk requiring special audit consideration.

Key aspects of our proposed response to the risk

We will:

- Review management's processes and assumptions for the calculation of the estimate, the instructions issued to valuation experts and the scope of their work
- Consider of the competence, expertise and objectivity of any management experts used.
- Discuss with the valuer the basis on which the valuation is carried out and challenge of the key assumptions.
- Review and challenge of the information used by the valuer to ensure it is robust and consistent with our understanding.
- Test revaluations made during the year to ensure they are input correctly into the Council's asset register
- Evaluate the assumptions made by management for those assets not revalued during the year and how management has satisfied themselves that these are not materially different to current value.

Valuation of pension fund net liability

The Council's pension fund asset and liability as reflected in its balance sheet represent a significant estimate in the financial statements.

We identified the valuation of the pension fund net liability as a risk requiring special audit consideration.

We will:

- Identify the controls put in place by management to ensure that the pension fund liability is not materially misstated. We will also assess whether these controls were implemented as expected and whether they are sufficient to mitigate the risk of material misstatement
- Evaluate the competence, expertise and objectivity of the actuary who carried out your pension fund valuation. We will gain an understanding of the basis on which the valuation is carried out
- Undertake procedures to confirm the reasonableness of the actuarial assumptions made.
- Check the consistency of the pension fund asset and liability and disclosures in notes to the financial statements with the actuarial report from your actuary

Reasonably possible risks identified

Reasonably possible risks (RPRs) are, in the auditor's judgment, other risk areas which the auditor has identified as an area where the likelihood of material misstatement cannot be reduced to remote, without the need for gaining an understanding of the associated control environment, along with the performance of an appropriate level of substantive work. The risk of misstatement for an RPR is lower than that for a significant risk, and they are not considered to be areas that are highly judgmental, or unusual in relation to the day to day activities of the business.

Risk	Reason for risk identification	Key aspects of our proposed response to the risk		
Employee remuneration	Payroll expenditure represents a significant percentage of the	We will		
	Council's operating expenses. As the payroll expenditure comes from a number of individual	 evaluate the Council's accounting policy for recognition of payroll expenditure for appropriateness; 		
	transactions there is a risk that payroll expenditure in the accounts could be understated. We therefore identified completeness of payroll expenses as a risk requiring particular audit attention	 gain an understanding of the Council's system for accounting for payroll expenditure and evaluate the design of the associated controls; 		
		 complete analytical procedures to prove the completeness of the payroll expenditure. 		
Operating expenses	Non-pay expenses on other goods and services also represents a significant percentage of the Council's operating expenses. Management uses judgement to estimate accruals of un-invoiced costs. We identified completeness of non- pay expenses as a risk requiring particular audit attention:	We will		
		 evaluate the Council's accounting policy for recognition of non- pay expenditure for appropriateness; 		
		 gain an understanding of the Council's system for accounting for non-pay expenditure and evaluate the design of the associated controls; 		
		complete testing of individual transaction and balances.		

Other matters

Other work

In addition to our responsibilities under the Code of Practice, we have a number of other audit responsibilities, as follows:

- We carry out work to satisfy ourselves that disclosures made in your Annual Governance Statement are in line with the guidance issued and consistent with our knowledge of the Council.
- We will read your Narrative Statement and check that it is consistent with the financial statements on which we give an opinion and that the disclosures included in it are in line with the requirements of the CIPFA Code of Practice.
- We carry out work on your consolidation schedules for the Whole of Government Accounts process in accordance with NAO group audit instructions.
- We consider our other duties under the Act and the Code, as and when required, including:
 - giving electors the opportunity to raise questions about your 2017/18 financial statements, consider and decide upon any objections received in relation to the 2017/18 financial statements;
 - · issue of a report in the public interest; and
 - making a written recommendation to the Council, copied to the Secretary of State.
- We certify completion of our audit.

Other material balances and transactions

Under International Standards on Auditing, "irrespective of the assessed risks of material misstatement, the auditor shall design and perform substantive procedures for each material class of transactions, account balance and disclosure". All other material balances and transaction streams will therefore be audited. However, the procedures will not be as extensive as the procedures adopted for the risks identified in this report.

Going concern

As auditors, we are required to "obtain sufficient appropriate audit evidence about the appropriateness of management's use of the going concern assumption in the preparation and presentation of the financial statements and to conclude whether there is a material uncertainty about the entity's ability to continue as a going concern" (ISA (UK) 570). We will review management's assessment of the going concern assumption and evaluate the disclosures in the financial statements.

Materiality

The concept of materiality

The concept of materiality is fundamental to the preparation of the financial statements and the audit process and applies not only to the monetary misstatements but also to disclosure requirements and adherence to acceptable accounting practice and applicable law. Misstatements, including omissions, are considered to be material if they, individually or in the aggregate, could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

Materiality for planning purposes

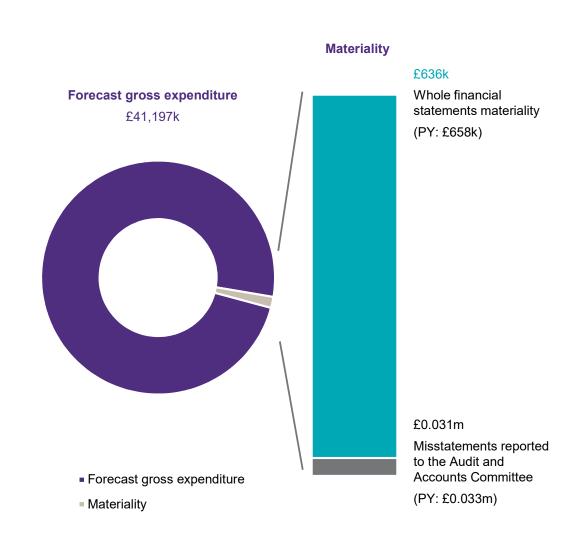

We propose to calculate financial statement materiality based on a proportion of the gross expenditure of the Council for the financial year. In the prior year we used the same benchmark. We have determined planning materiality (the financial statements materiality determined at the planning stage of the audit) to be £636k (PY £658k), which equates to 1.8% of your forecast gross expenditure for the year. We design our procedures to detect errors in specific accounts at a lower level of precision.

We reconsider planning materiality if, during the course of our audit engagement, we become aware of facts and circumstances that would have caused us to make a different determination of planning materiality

Matters we will report to the Audit Committee

Whilst our audit procedures are designed to identify misstatements which are material to our opinion on the financial statements as a whole, we nevertheless report to the Audit and Accounts Committee any unadjusted misstatements of lesser amounts to the extent that these are identified by our audit work. Under ISA 260 (UK) 'Communication with those charged with governance', we are obliged to report uncorrected omissions or misstatements other than those which are 'clearly trivial' to those charged with governance. ISA 260 (UK) defines 'clearly trivial' as matters that are clearly inconsequential, whether taken individually or in aggregate and whether judged by any quantitative or qualitative criteria. In the context of the Council, we propose that an individual difference could normally be considered to be clearly trivial if it is less than £31k (PY £33k).

If management have corrected material misstatements identified during the course of Audit and Accounts Committee to assist it in fulfilling its governance responsibilities.

Group audit scope and risk assessment

In accordance with ISA (UK) 600, as group auditor we are required to obtain sufficient appropriate audit evidence regarding the financial information of the components and the consolidation process to express an opinion on whether the group financial statements are prepared, in all material respects, in accordance with the applicable financial reporting framework.

Component	Significant?	Level of response required under ISA (UK and Ireland) 600	Planned audit approach
Rossendale Transport Ltd	Yes	Comprehensive	We will review the consolidated group accounts produced by the Council's Finance team. We will also consider assessing the work of the auditors of the component companies to ensure we can place reliance on them.

Materiality for planning purposes

We propose to calculate financial statement materiality based on a proportion of the gross expenditure of the Group for the financial year. In the prior year we used the same benchmark. We have determined planning materiality (the financial statements materiality determined at the planning stage of the audit) to be £1m, which equates to approximately 2% of your gross expenditure from 2016-17. We design our procedures to detect errors in specific accounts at a lower level of precision.

We reconsider planning materiality if, during the course of our audit engagement, we become aware of facts and circumstances that would have caused us to make a different determination of planning materiality

Key changes within the group:

In January 2018 the Council sold Rossendale Transport Limited and this will be the final year when group accounts will need to be prepared.

Audit scope

Comprehensive – the component is of such significance to the group as a whole that an audit of the components financial statements is required.

Targeted – the component is significant to the Group, audit evidence will be obtained by performing targeted audit procedures rather than a full audit

Analytical – the component is not significant to the Group and audit risks can be addressed sufficiently by applying analytical procedures at the Group level

Involvement in the work of component auditors

The nature, time and extent of our involvement in the work of the component's auditor will begin with a discussion on risks, guidance on designing procedures, participation in meetings, followed by the review of relevant aspects of the component audit documentation and meeting with appropriate members of management.

Value for Money arrangements

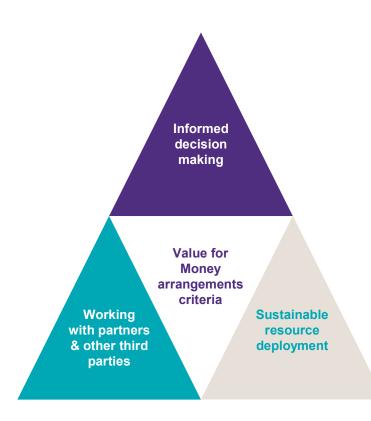

Background to our VFM approach

The NAO issued its guidance for auditors on Value for Money work for 2017/18 in November 2017. The guidance states that for local government bodies, auditors are required to give a conclusion on whether the Council has proper arrangements in place.

The guidance identifies one single criterion for auditors to evaluate:

"In all significant respects, the audited body takes properly informed decisions and deploys resources to achieve planned and sustainable outcomes for taxpayers and local people."

This is supported by three sub-criteria, as set out below:

Significant VFM risks

Those risks requiring specific audit consideration and procedures to address the likelihood that proper arrangements are not in place at the Council to deliver value for money.

Governance, risk management and decision making

The Council has had to respond to concerns raised in 2015 relating to governance, risk management and decision making. The Council has been working to respond to these issues however there remains risks that the arrangements are not sufficiently robust to meet challenges facing many public sector bodies.

We will consider how the Council has developed its key governance arrangements, including the response to the HCA scheme issues and how the sale of Rossendale Transport Limited was managed.

Financial Sustainability

There remains financial challenges over the next few years which the Council needs to meet. There is a risk that financial planning and management will not be adequate to meet those challenges.

We will consider the Council's arrangements place to develop financial plans and how it monitors its financial position.

Audit team and fees

Robin Baker, Engagement Lead

Provides oversight of the delivery of the audit including regular engagement with Audit Committees and senior officers.

Simon Hardman, Audit Manager

Plans and manages the delivery of the audit including regular contact with senior officers.

Sophia Iqbal, Audit Incharge

Key audit contact responsible for the day to day management and delivery of the audit work.

Audit fees

The planned audit fees are no less than £45,796 (PY: £45,796) for the financial statements audit and £6,756 for grant certification. Our fees for grant certification cover only housing benefit subsidy certification, which falls under the remit of Public Sector Audit Appointments Limited Fees in respect of other grant work, such as reasonable assurance reports, are shown under 'Fees for other services'.

In setting your fee, we have assumed that the scope of the audit, and the Council and its activities, do not significantly change.

Independence & non-audit services

Auditor independence

Ethical Standards and ISA (UK) 260 require us to give you timely disclosure of all significant facts and matters that may bear upon the integrity, objectivity and independence of the firm or covered persons. relating to our independence. We encourage you to contact us to discuss these or any other independence issues with us. We will also discuss with you if we make additional significant judgements surrounding independence matters.

We confirm that there are no significant facts or matters that impact on our independence as auditors that we are required or wish to draw to your attention. We have complied with the Financial Reporting Council's Ethical Standard and we as a firm, and each covered person, confirm that we are independent and are able to express an objective opinion on the financial statements. Further, we have complied with the requirements of the National Audit Office's Auditor Guidance Note 01 issued in December 2016 which sets out supplementary guidance on ethical requirements for auditors of local public bodies.

We confirm that we have implemented policies and procedures to meet the requirements of the Ethical Standard. For the purposes of our audit we have made enquiries of all Grant Thornton UK LLP teams providing services to the Council.

Non-audit services

We are not providing any non-audit services to the Council.

Appendices

A. Revised ISAs

Appendix A: Revised ISAs

Detailed below is a summary of the key changes impacting the auditor's report for audits of financial statement for periods commencing on or after 17 June 2016.

Section of the auditor's report	Description of the requirements	
Conclusions relating to going concern	We will be required to conclude and report whether:	
	The directors use of the going concern basis of accounting is appropriate	
	 The directors have disclosed identified material uncertainties that may cast significant doubt about the Council's ability to continue as a going concern. 	
Material uncertainty related to going concern	We will need to include a brief description of the events or conditions identified that may cast significant doubt on the Council's ability to continue as a going concern when a material uncertainty has been identified and adequately disclosed in the financial statements.	
	Going concern material uncertainties are no longer reported in an Emphasis of Matter section in our audit report.	
Other information	We will be required to include a section on other information which includes:	
	Responsibilities of management and auditors regarding other information	
	A statement that the opinion on the financial statements does not cover the other information unless required by law or regulation	
	Reporting inconsistencies or misstatements where identified	
Additional responsibilities for directors and the auditor	We will be required to include the respective responsibilities for directors and us, as auditors, regarding going concern.	
Format of the report	The opinion section appears first followed by the basis of opinion section.
