Subject: Local development Plan for Goodshaw and Loveclough

Sir,

Regarding the proposals for over 200 new houses in the above named area.

Are there any proposals in advance of the completion of these developments to improve the trafficking in Rawtenstall town centre which is chaotic now and would be horrendous with the addition of around 200+ vehicles if nothing has been done.

I would appreciate your comments.

Peter Simpson (representor 5091)
